Important: Carefully inspect all shipments for any damage or shortage immediately upon receipt. If shipment damage is visible at time of delivery, please sign "DAMAGED" in the consignee signature field, note all damage on delivery slip, and notify Harrison Energy within 10 days of delivery. Harrison Energy must be notified of concealed damage to any shipment within 3 days of delivery. Freight companies will not process concealed damage claims submitted later than 5 days after delivery. Goods sold are warranted to the terms of the manufacturer. Field warranty charges need to be authorized in writing prior to work completed.
