REQUIREMENTS FOR RELEASE OF EQUIPMENT:

- Texas AirSystems must receive an approved submittal before equipment can be released
- Texas AirSystems must receive a request for the equipment to be released
 - An approved submittal does not mean the equipment is to be released
- All equipment is subject to price increase after 30 days from the quote date
 - Pricing is **ONLY** protected after the equipment is released
- Price increase notices will be sent via the bi-weekly project status report
 - Reports should be reviewed for (1) submittal status, (2) release status and (3) price increase notices
- Submittals not to be used for prefabrication or construction**
