Comment Classification: <b>UNCLASSIFIED (U)</b>				
Liquidated Damages are shown as being \$5,763 per calendar day for this project. This rate is extremely high for a project of this size. Will the government consider reducing the daily LD rate to the more typical < \$1,500 / day rate? Potential bidders will likely pass on this project if the current daily LD rate remains unchanged.

<b>11650102</b>	Other	Section M - Evaluation Factors for Award		
Comment Classification: <b>UNCLASSIFIED (U)</b>				
With respect to recency as part of the submission requirements for Factor 1 – Past Performance, the solicitation currently states: " All projects submitted for construction experience must have been completed within six years from the date of the solicitation."				
We respectfully request the recency factor for construction experience be amended to the following and mirror another F-35 related opportunity at Ebbing ANGB (W912BV26RA004) that is currently being solicited: completed, or currently in progress with at least 50% construction completed, within the past (7) years as of the date of this solicitation. This adjustment will enable offerors to present a broader range of recent, relevant projects, thereby enhancing the Government's ability to assess the offeror's qualifications and performance history.
