

General Notes, Safety, and Sight Logistics

SAFETY & SITE LOGISTICS

1. During excavation operations, all slopes will be maintained in accordance with OSHA regulations in a continuous manner until completion of this Subcontractor's scope of work. (Trench safety 29 CFR 1926 subpart P).
2. Subcontractor shall require their employees to attend CDI Contractors Jobsite Safety Orientation prior to working on site. Upon completion of orientation, all employees working on-site are required to display verification that orientation was completed.
3. Perform, review and document Job Hazard Analysis (JHA's) for all work and with all employees daily.
4. Provide 100% fall protection for all work over 6'.
5. Furnish install and maintain all safety measures necessary to comply with OSHA requirements, Owner requirements, and the requirements of the Construction Manager's safety program. This protection shall be maintained by the Subcontractor until the area is turned over to the construction manager for use by other trades.
6. Subcontractor is responsible for unloading their own materials and deliveries. All materials are to be delivered F.O.B. jobsite to each location as scheduled with the project superintendent.
7. CDI contractors will not receive nor take responsibility for any deliveries of material. If the subcontractor is providing material only to the jobsite it must be presented to CDI with a signed transmittal indicating the entire extents of the delivery to be received acknowledging part numbers, quantities, and condition.
8. Staging and stocking of materials shall be coordinated with the Construction Manager's Superintendent. Deliveries must be scheduled to coincide with the installation of the work. No long-term on-site storage is provided.
 - a. Subcontractor to coordinate and plan material/product delivery to coincide with schedule and flow of the work. Materials on-hand will be limited to 3-5 days of work.
 - b. Materials shall be staged /bundled/organized off-site to the greatest extent possible to be delivered and staged into the current work areas. Appropriate "buffers" of material will be managed to ensure workflow is not interrupted.
 - c. Subcontractor will coordinate its work and obtain Contractor's Superintendent's prior approval of subcontractor's schedule for delivery, installation and/or placement of its materials, equipment, and crew shacks at the jobsite.
9. Subcontractor is responsible for protection of their open trenches, holes, etc. in order to maintain a safe operation. At the end of each shift, hole or trench protection shall consist of either covers secured in place or fence panels protecting all sides of open trenches. In roadways and drives, open trenches shall be covered with road plates secured in place.
10. Subcontractor is responsible for daily cleanup and will get their debris into the appropriate dumpster. Daily cleanup is defined as leaving the work area neat and orderly and broom swept at the end of each shift. Subcontractor shall remove from the jobsite and properly dispose of any hazardous materials generated by this Subcontractor's operations.
 - d. Work shall be carried out to eliminate or minimize to the greatest extent possible drops/cuts, debris, excess material, packaging, etc. from hitting the floor – Clean as you go.
 - e. Housekeeping methods will be specified within the Job Hazard Analysis (JHA) and Pre- Task Plan (PTP).
11. Replace / repair any areas damaged during this Subcontractor's scope of work that are outside the construction limits established by CDI.
12. Restore to existing conditions all areas disturbed by this Subcontractor.
13. It is this subcontractor's requirement to call one-call for all utility location within your scope of work.

14. Furnish, install, remove, relocate, and reinstall fencing or barricades as necessary to access Subcontractor's work areas.
15. Includes flagging and traffic control as required for these operations in accordance with OSHA standards.
16. Keep the roadway clear of dirt and debris from Subcontractor's own activities. This includes washing of tires as needed and directed.
17. Temporary power will be available for small tools but will not support electric welders or heaters. All welding and heating shall be done by fuel-powered equipment provided by this Subcontractor. When utilizing electric power, this Subcontractor will be responsible for meeting OSHA requirements.
18. All truck and equipment traffic will be restricted to the immediate construction area.
19. Parking will not be provided by CDI Contractors. It will be the responsibility of all subcontractors to provide parking and shuttles for their employees.
20. Use of personal vehicles on the project site is prohibited. Only vehicles which are (1) owned or leased by subcontractors, sub-subcontractors, or suppliers, (2) are necessary to the work, and: (3) are identified as commercial vehicles will be allowed access into the construction area.

GENERAL NOTES

1. This Subcontractor, by submitting a bid, is acknowledging that they have read and, if they are successful bidder, agree to enter into a contract with CDI Contractors, LLC according to the terms and conditions of the CDI Contractors, LLC Subcontract Agreement, complete with its insurance and safety requirements
2. This Subcontractor will provide sufficient manpower to meet the project schedule, including any overtime required to maintain the project schedule, at no additional charge unless the necessity for overtime is caused by others failing to maintain their project schedule through no fault of this Subcontractor or circumstances beyond control (such as "acts of God"). Includes phasing as required.
3. All Subcontractors shall comply with the requirements of the General Conditions and Division 01 "General Requirements" as contained in the Specifications.
4. If any Bidder wishes to substitute equipment or materials, which is believed to be equal to those specified, the Bidder shall make a request in writing to CDI for approval of such substitute equipment or materials at least seven (7) calendar days prior to the bid date. In proposing items for consideration, Bidder assumes all risk, costs, coordination with other trades, cost associated with other trades if substitution impacts their scope of work, and responsibility for item's final acceptance, compliance with the Bidding Documents and Contract Documents, integration into the Work, and performance.
5. The Contractor and the Contractor's Subcontractors shall not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin. The Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, religion, color, sex or national origin. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the policies of nondiscrimination.
6. The Contractor and the Contractor's Subcontractors shall, in all solicitations or advertisements for employees placed by them or on their behalf; state that all qualified applicants will receive consideration for employment without regard to race, color, sex or national origin.
